

**PRESS RELEASE**

**MULTI-FACILITY CORPORATE COMPENSATION STUDY  
SHOWS COMPARISON OF CFO SALARIES**

February 2009 -- The **2008-2009 Multi-Facility Corporate Compensation Report**, just published by **Hospital & Healthcare Compensation Service (HCS)**, compares compensation data for corporate positions of Hospital, Long Term Care, and Home Health Multi-facility companies.

Data from the study shows that compensation for CFOs in Hospital Multi-facility companies is 48.19% higher than CFOs in Long Term Care Multi-facility companies, and 107.17% higher than Home Health Multi-facility CFOs.

**National Average CFO Salaries by Type of Multi-facility Company**  
All Revenues Combined

<b>Multi-facility Type</b>	<b>Average Salary</b>	<b>Average Bonus</b>
<b>Hospital</b>	354,141	107,571
<b>Long Term Care</b>	238,977	115,814
<b>Home Health</b>	170,941	73,765

The study covers corporate salary information categorized according to organization revenue size. In addition to salaries and bonuses, the **Report** includes data on pay policies and benefits.

The **Report** contains data from 98 management companies that employ more than 441,900 healthcare providers across the United States. This **Report** is the single largest and most diversified healthcare multi-facility database available.

The complete 160-page **Report** is available for \$595 from HCS. To order call (201) 405-0075 or go to [www.hcsinc.com](http://www.hcsinc.com).
