Press Release

ANESTHESIOLOGIST SALARIES SHOW INCREASE IN 2010

April 2010, Oakland, NJ--The national average salary of Anesthesiologists increased 4.65% to \$324,876 according to the **2010 Physician Salary & Benefits Report**, just published by **Hospital & Healthcare Compensation Service (HCS)**. This figure represents total compensation and includes base pay and bonus pay combined. It is exclusive of additional benefits data.

	2009 National Average	2010 National Average
Teaching	\$303,510	\$319,341
Non-teaching	\$335,768	\$347,710
All Combined	\$309,757	\$324,876

391 hospitals and group practice facilities reported data covering more than 26,220 physicians. Chief of Staff/Medical Director, 44 physician specialties, interns, and residents are covered in the **2010 Physician Salary & Benefits Report**. Data are reported separately for Hospital-based and Group Practice physicians, and are analyzed according to nine regions, by state, by control type, by teaching or non-teaching status, and by facility size. The **Report** also includes 19 fringe benefits.

The **2010 Physician Salary & Benefits Report** is available for \$295. In addition, the salary/total compensation data tables may be purchased in Excel. To order online, visit the **HCS** website at www.hcsinc.com or call **HCS** at (201) 405-0075.

Hospital & Healthcare Compensation Service, founded in 1971, is recognized as the leader in national healthcare salary and benefits research. **HCS** conducts national and custom marketplace studies, publishing more than 12 specialized Reports each year. In addition, the firm consults with healthcare professionals across the nation to support the industry in the area of human resource management. For more information on **HCS**, visit our website: www.hcsinc.com.
